E-mail: [office@treedoc.co.za](mailto:office@treedoc.co.za)

Tel no: 021 8869767

### **Executive Summary:**

RVZ Consulting and Contracting Arborist PTY (Ltd) provide applied services in planning, management and the operational care for Trees and Forests which are associated and potentially impacted on by human interventions of any kind and the related infrastructure development required maintaining such actions. Using 30 years experience, up to date knowledge and technology in Urban Forestry, Conservation Forestry and Arboricultural practices and a trained staff compliment.

### **Mission statement:**

To raise awareness of trees and forest's asset value to the landscape in terms of their placement, size, health, and species. Their value in environmental functionality amongst others in terms of shade, carbon sequestration, carbon sink, oxygen, bio-diversity, shelter, and pollution control, and for future generations in terms of their cultural and historical values. To promote and facilitate their care and maintenance and so ensure their continued contribution by extending their life expectancy. This is done by creating jobs, growing and developing skilled human resources and building knowledge through partnerships in research programs where ever we work to conserve, expand and restore viable tree and forest within their associated communities.
